

PRODUCT'S TECHNICAL DATA SHEET

DATA CONCERNING THE PRODUCER:

Altino pane S.r.l – Treviso (TV)

Factory: Via Mazzon 8, - Quarto d'Altino (VE) – Italy.

PRODUCT'S TRADE NAME:

Toast 15 x 15 – taglio fino („Toast 15 x 15 – thin cut“)

SALE DENOMINATION:

Soft wheat bread with lard - frozen

DESCRIPTION:

Loaf of bread with slices measuring 15 cm x 15 cm x 1 cm, frozen

PRODUCT CODE: 06

NOMINAL QUANTITY:

3000 g e

INGREDIENTS:

All purpose soft WHEAT type «0» flour 59%, water, lard 2,36%, fresh yeast, salt, toast plus (SOY flour, LACTOSE (0.25%), WHEAT starch, rapeseed oil, GLUTEN, MILK PROTEINS, enzymes, E300), lecithil (All purpose soft WHEAT flour, dextrose, SOY lecithin, MALTED WHEAT flour, E300), dry yeast.

ALLERGENS: cereals containing gluten, soya, and soya-based products. This product might contain traces of milk, eggs, and sesame.

PRODUCTION TECHNOLOGICAL PROCESS:

In the applied bread-making process, all ingredients are mixed right before baking. The dough is automatically separated into smaller portions that are put inside bread pans. Each dough portion equals one bread loaf that weights about 3000 g. Once baked, the bread loaf is sliced into 48 slices measuring 15cm x 15cm x 1cm. The thus obtained slices are then packed into low density polyethylene bags. The packaging process takes place in a separated environment subject to absolute air filtration. Packed this way the product undergoes the freezing process in an adequate blast freezer unit.

NUTRITIONAL VALUES:

ENERGY VALUES:

Energy value	Calculated	1194 kJ/100g
Energy value	Calculated	282 kcal/100g

CHEMICAL PROPERTIES:

Elements	U.M.	Result
Fat	g/100g	5,09
-of which saturates	g/100g	N/A
Carbon hydrates	g/100g	50,66
-of which sugars	g/100g	N/A
Proteins	g/100g	8,48
Salt	g/100g	N/A

MICROBIOLOGICAL PROPERTIES:

Determined	U.M.	Result
Total bacterial charge at 30°C degrees	UFC/g	<10
Yeasts and moulds	UFC/g	<10
Salmonella spp	present/absent/25g	Absent
Coagulase-positive staphylococci	UFC/g	<10

PRODUCT LABELLING:

The product's labelling is in line with L.D. no.109/92 and D.P.R. no. 502/98, and UE 1169/2011.

PRODUCT SHELF-LIFE AND GENERAL STORAGE CONDITIONS:

Kept at a temperature of -12°C (10°F) or lower this product preserves its organoleptic and health-related properties with a shelf-life of 12 months.

INSTRUCTIONS FOR USE:

Once thawed, do not freeze again. Keep the product refrigerated, protected from air contact and consume within 72 hours.

PACKAGING MATERIAL:

The product is packed using transparent LDPE bags.

PACKING:

The product is packaged in carton boxes (4 pieces per box), stacked on EUR-EPAL pallets 80 x 120 cm and then wrapped with stretch transparent film. One pallet has 6 layers, each having 5 carton boxes, for a total of 30 boxes.
